

Experience Unthinkable Collaboration with the ThinkBook 13s Gen 4 i

Smarter technology from Lenovo makes collaboration easier for modern business. The ThinkBook 13s Gen 4 i is built on the Intel® Evo™ platform powered by 12th gen Intel® Core™ i7 processors to make meetings more productive and manageable for the hybrid workforce.

ThinkBook

Lenovo

Productivity and Reliability for Work

Get the job done no matter where you are with battery life that lasts all day (and then some), plus Rapid Charge technology from Lenovo. The lightweight, powerful ThinkBook 13s Gen 4 i will supercharge your workday and empower productivity with headphone and headset accessories that tune out distractions.

Extraordinary Performance

Your ThinkBook will say “Thank you, sir. May I have another?” to data-heavy tasks thanks to its **12th gen Intel® Core™ i7 processor**. Built on the **Intel® Evo™** platform, this laptop delivers rapid computing to enable unthinkable productivity.

All-Day Battery Life

Cut the cord and stop planning your day around an outlet. With a 56Whr battery that lasts longer than your work day, you can work anywhere untethered. And when it's time for you (and your battery) to recharge, Rapid Charge technology with a 65W Type C Adaptor will fully charge your ThinkBook, faster.

AI Meeting Manager

Meetings have never been simpler—even when you're meeting with colleagues who speak a different language. AI Meeting Manager translates voice or audio into onscreen text in 14 languages and allows you to input it in any text field. Plus, plug in the Lenovo Go Wired Speakerphone for natural, enterprise-grade conferencing audio.
