Accidental damage is considered to be any unforeseeable and unintentional physical damage that occurs due to handling errors, liquid or external events at a defined place and time, which stops the product working normally, meaning its usability or safety is affected. Labor-only coverage for mechanical electrical breakdown is covered from the date of purchase. Both parts and labor costs are covered after the manufacturer's warranty expires through the plan term. Plans are sold based on MSRP or price end-user paid, whichever is less. Total term includes one year of standard limited warranty. Product may be replaced with a new or remanufactured product of similar features and functionality if it cannot be repaired, the cost of repair exceeds the original purchase price, or parts are no longer available. In all states, the Obligor of the Samsung Care+ for Business program is Northcoast Warranty Services, Inc. Refer to the service contract for complete details, including limitations, exclusions and provider information.
