Samsung Care+ for Business Device Protection plans provide 1:1 coverage with each device covered having its own number of claims. Plans are sold based on MSRP. Organizations with large fleets of Galaxy Tablets can purchase pooled coverage utilizing the Samsung Care+ for Business Fleet Protection offering. The total term includes one year of standard limited warranty, which covers mechanical and electrical breakdown from the date of purchase. Extended Warranty must be purchased at time of device purchase or within 1 year if proof of purchase is provided. Accidental damage is considered to be any unforeseeable and unintentional physical damage that occurs due to handling errors, liquid, or external events at a defined place and time, which stops the product from working normally, meaning its usability or safety is affected. Product may be replaced with a new or remanufactured product of similar features and functionality if it cannot be repaired, the cost of repair exceeds the original purchase price, or parts are no longer available. Refer to the service contract for complete details, including limitations, exclusions and provider information. In all states, the Obligor of the Samsung Care+ for Business program is Northcoast Warranty Services, Inc.
