SAMSUNG

Healthcare Display

HCU7030 series and HCF8000 Series

Foster a comfortable, patient-centric experience

Modern day hospitals are turning to premium entertainment and infotainment technologies that focus on the patient experience, as well as workflow efficiencies for nursing staff. Samsung's HCU7030 and HCF8000 healthcare series allows for patient-staff connectivity, and gives patients and visitors an experience that makes them feel at home. Equipped with an integrated pillow speaker interface, allowing patients to enjoy clear audio and control of the TV right at their bedside. The displays are UL-certified for safe usage in any hospital or healthcare facility. WebRTC enabled to facilitate secure, real-time communications over the network.

Key features

Crystal Processor 4K
Powerful 4K upscaling delivers any content in up to 4K resolution.

Pro:Idiom™ DRM HD Content Decryption
The HCU7030 and HCF8000 series is equipped with Pro:Idiom MPEG4 technology to offer your patients premium HDTV content from cable, satellite or video-on-demand services with no optional cards or external box needed.

Universal Pillow Speaker Interface
An easy-to-use interface is built right into the TV, to utilize with multiple brands and models of pillow speakers.

UL-Listed for Hospital Use
The Samsung Healthcare Series displays are specifically engineered to meet the stringent requirements for use in hospital environments. They are manufactured in accordance with UL's published and nationally recognized Standards for Safety.

Improved Tizen Enterprise Platform for more streamlined operations.
Samsung's latest Tizen Enterprise Platform allows for greater flexibility for Interactive Patient Care Platform (IPC) solutions, and allows System Integrators to implement the platform without the need for a set-top box.

Samsung's LYNK Cloud Device and Content Management Solution
The HCU7030 and HCF800 are natively compatible with Samsung's LYNK Cloud Solution, allowing IT Managers to control their fleet of displays from virtually anywhere. Premier content management services make it easy to create, schedule and deploy your hospital's information to patients and visitors.
