

**EPSON®**  
EXCEED YOUR VISION

# Stock up on ink now!

Running low on ink? We've got you covered.  
Epson® Genuine Inks—available now!

## Vibrant color

Epson inks are specially formulated to work with Epson printers and specialty papers. Epson ink delivers remarkable-quality prints with true-to-life colors and sharp blacks.

## Get more prints

Large ink capacities fit almost any printing need in the form of ink packs, cartridges or bottles.

## Instant-dry

Epson ink dries instantly so your prints are touchable and ready to use the moment they are printed.

## Exceptional print quality

Epson is committed to delivering exceptionally high-quality inks for your printing experience.

**DURABrite® Ultra and DURABrite Pro Inks**  
Formulated with fast-drying pigment ink designed for high-speed print jobs, DURABrite Ink delivers laser-sharp text and bright colors—all at a remarkable value.

**Supertank Ink Bottles** Supertank ink delivers sharp text, bright colors and professional-quality results. EcoFit® replacement ink bottles mean you get thousands of vivid pages<sup>1</sup>. These exclusive, uniquely keyed EcoFit bottles make it easy to fill each color tank.

<sup>1</sup> Replacement ink bottle yields based on the ISO/IEC 24712 pattern with Epson's methodology. Actual ink yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and printer maintenance, and all colors must be available for printing.
