

Complete Solutions for Your Remote Workforce

Discovering Your New Normal

Today, small and medium-size businesses are analyzing and adapting their business models for a remote workforce. IT specialists have been challenged to strengthen their business for maximum speed, efficiency, and security in this new remote environment. HP has a wide variety of notebooks, monitors, print devices, and accessories that can create an ideal home office for your new remote users—and ensure everyone stays securely connected and productive.

And thanks to our more than 30-year partnership with HP, Connection can deliver their product offerings along with our solutions and services to provide robust, comprehensive solutions for your entire organization.

- **Connection's Technology Integration and Distribution Center:** Cut down deployment times with services that ensure each device is ready for any user, right out of the box.
- **HP Security:** Trust the world's most secure PC and Printers with protection below, at, and above the OS.
- **HP Proactive Management:** Manage your devices, their health, and their utilization in a single dashboard.
- **Flexible Device as a Service:** Get technology that's always up to date with one affordable payment each month for your total solution.
