

Zebra® Clinical Inventory Intelligence

DELIVERING A SUPPLY CHAIN SO INTELLIGENT, IT MANAGES ITSELF

Clinical Inventory Intelligence (CII) manages inventory throughout facilities by tracking items from arrival to end use, freeing medical staff to concentrate on patient care concerns.

Customer Value Proposition

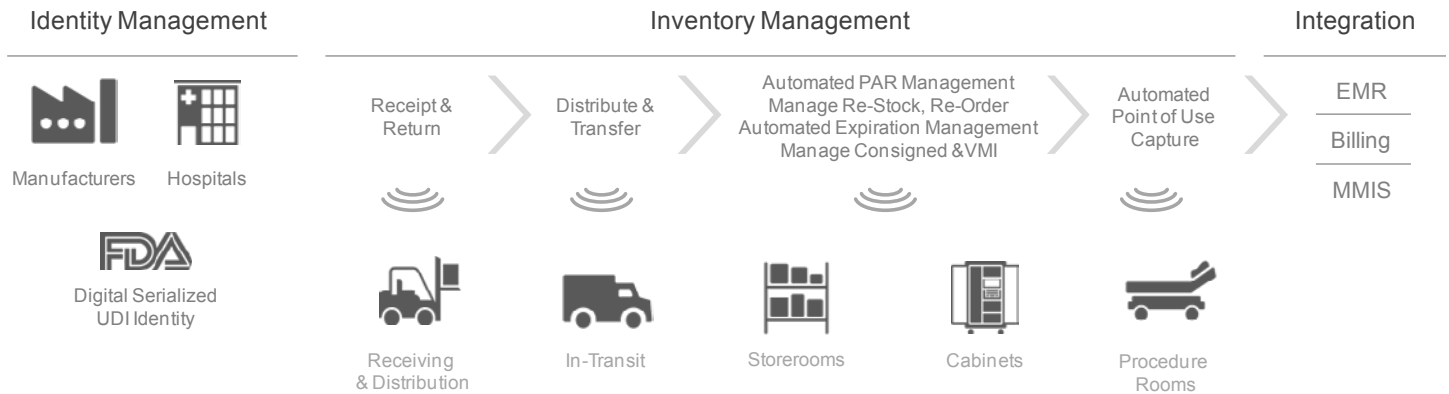

- Address Hospital Inventory Cost, Regulatory, Efficiency and Patient Care Opportunities
- Reduction in on-hand Inventory of 25%; Reduction in Purchase Spend of 25%
- Elimination of 99% of Expired Product and Waste
- Provides a Platform to support FDA and HHS Regulatory Compliance requirements
- Elimination of Nursing and Clinical Staff Transaction Compliance Requirements to focus on Patient Care
- Enables an accurate Digital Identity for integration to/from MMIS, EMR and Billing Systems
- Provides a platform for technology partner integration powered by Zatar®
