

Experience Unthinkable Productivity with the ThinkBook 14 *i* and 15 Gen 4 *i*

Harness the full potential of your workforce and achieve greater productivity. With ThinkBook 14 *i* & 15 Gen 4 *i* powered by Intel vPro® Essentials with 12th Gen Intel® Core™ i5 processor, it's never been easier to stay connected, secure, and ahead of the curve.

ThinkBook

Lenovo

Intelligent Features for Seamless Performance

Lenovo devices are engineered for the digital workspace, boasting best-in-class connectivity, reliability, and style. ThinkBook 14 *i* & 15 Gen 4 *i* deliver an unparalleled user experience through speedy WIFI 6E options, 9 port connections, rapid charge battery technology, and lightweight builds.

Hassle-Free Port Connections

Toss your adapters, dongles, and do-hickeys. The Universal Thunderbolt™ 4 Dock does the trick (or two or three). One single port can unleash high-speed data transfers up to 40Gbps, connect up to two 4K monitors and audio outputs, and unthinkable power. Now, multiply that connectivity by 9 ports.

Smart power-on

Touch Fingerprint Readers mean you'll never have to remember a password or answer a security question about your childhood cat's maiden name—ever again. Well, at least not to power up and log in to your ThinkBook. Just touch the sensor, and you're in. When it's time to recharge, skip the power cord wrestling. The Lenovo Go Wireless Mobile Power Bank offers long-lasting battery power to keep all your devices up and running.

Protect your privacy

Simply slide the **Camera Privacy Shutter** closed when you're not using the camera to maintain full privacy. Just a flick of the finger prevents prying eyes from stealing sensitive information, or from seeing the pile of dirty laundry in the corner.

Lenovo

Achieve More, Worry Less

Keep your workforce connected and ahead of the competition with ThinkBook 14 *i* & 15 Gen 4 *i* devices. These laptops offer more than impressive privacy features and the computing power to tackle daily task lists with ease—they are the key to unthinkable productivity. With Lenovo as your trusted partner and Intel vPro® Essentials powering your devices, your team will be ready to achieve greatness.

ThinkBook 14 Gen 4 *i*

Smarter Solutions for Uninterrupted Productivity

Keep employee experience optimized with smarter solutions that empower continuous workflow—so you can deploy, manage, secure, and support your employees around the clock, from wherever you are and wherever they are.

Premier Support

Access your technical account manager who knows your business personally. Get a 24x7x365 direct line to elite Lenovo technicians who listen first and deliver advanced troubleshooting to keep your downtime minimal.

Remote Work Enablement

Save valuable time and avoid hitting IT speed bumps with Lenovo's new Remote Work Enablement solution complete with all the hardware, software, and premium services your business needs to keep moving forward. We'll ship the essentials, ready to use with optional pre-configuration, direct to your employees at home or the office.
