# Apple Vision Pro.

## Welcome to the era of spatial computing.

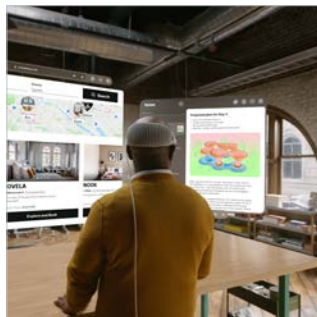

**Now Available at Connection**

**Apple Vision Pro**™ seamlessly blends digital content with your physical space, and you navigate simply by using your eyes, hands, and voice. Now you can visualize data and designs on an infinite canvas. Guide work and simulate trainings in immersive environments. And transform how your teams connect and collaborate. Discover how Apple Vision Pro can help you get work done in ways never before possible.

## How to Order

Complete these steps to find your fit

1. Download the Apple Vision Pro Fit App.

2. Complete the face scan.

3. Get measured for the light seal and headband.

4. Determine if you'll need ZEISS optical inserts.

5. Receive your personalized fit summary and send it to your Connection Account Team.
