# Elevate your hybrid work experience

## Your employees expect hybrid work. How do you rise to the occasion?

64% of employees say that the ability to work from anywhere drives their decisions to stay at a job, yet many SMBs continue to struggle with delivering a hybrid work environment that provides a great experience.

11%
of SMBs have a hybrid-first mindset

37%
of SMBs believe they have mature remote work practices with advanced communications and collaboration tools

44%
of SMBs have basic virtual collaboration capabilities

Hybrid work is here to stay, but it doesn't have to be difficult or expensive. To help your employees succeed in today's dynamic workplace, you must provide them with the ability to connect, create and collaborate in any context.

Hybrid work essentials

The great news is that with the right mindset and tools, you can quickly elevate your hybrid work experience to heights that delight your employees and set your organisation up for success in the long run.

How? By deploying these essential building blocks and Cisco solutions that enable you to deliver business critical outcomes whether your people are in their home office, in your corporate office or at a café.
